IMPACT AND ESG INTEGRATION IN THE INVESTMENT PROCESS

The BlueOrchard Microfinance Fund (BOMF) aims to expand access to financial services across the developing world, communities and value chains that are historically denied such access to the detriment of economic mobility and prosperity for a large proportion of the world's population. BOMF provides debt capital to institutions that focus on serving economically and environmentally vulnerable communities in more than fifty (50) emerging markets around the world with a strong and consistent focus on ensuring that MSME lending is conducted in an equitable, transparent and ultimately beneficial manner.

Each investment in the Fund is selected on the basis of BlueOrchard's rigorous ESG and impact management framework known as the B.Impact Framework(1). B.Impact, a proprietary framework, ensures that ESG risks and impact objectives are incorporated in each investment decision on an independent basis by a team of specialized professionals.

CASE STUDY

Established nearly four decades ago, Banco FIE is a prominent institution in Bolivia's microfinance sector, managing a considerable gross loan portfolio (GLP) exceeding 2.4 billion USD. Micro-borrowers and MSMEs represent 20% and 39% of the GLP, respectively. Their GLP is substantially invested in the production (21%), construction (21%), and agriculture (20%) sectors. Banco FIE's commitment to social responsibility is clear, with over 52% of their client base being women as of December 2023. Furthermore, as of May 2023, 61% of their clients are unique clients otherwise unbanked. The bank's reach extends across all nine Bolivian departments, with 30% of their clients residing in rural areas.
