IMPACT AND ESG INTEGRATION IN THE INVESTMENT PROCESS

The BlueOrchard Microfinance Fund (BOMF) aims to expand access to financial services across the developing world, communities and value chains that are historically denied such access to the detriment of economic mobility and prosperity for a large proportion of the world's population. BOMF provides debt capital to institutions that focus on serving economically and environmentally vulnerable communities in more than fifty (50) emerging markets around the world with a strong and consistent focus on ensuring that MSME lending is conducted in an equitable, transparent and ultimately beneficial manner.

Each investment in the Fund is selected on the basis of BlueOrchard's rigorous ESG and impact management framework known as the B.Impact Framework(1). B.Impact, a proprietary framework, ensures that ESG risks and impact objectives are incorporated in each investment decision on an independent basis by a team of specialized professionals.

CASE STUDY

Founded in 2010, Fusion Microfinance has grown to become India's eighth-largest microfinance institution (MFI) in terms of portfolio size, with operations in 18 states. The institution's social vision is to provide economically disadvantaged women with opportunities to improve the quality of their lives. More specifically, the MFI offers financing to female entrepreneurs through unsecured and secured loans on a group-lending basis. 100% of the loan portfolio is dedicated to productive loans under USD 2,000, with an average loan size of USD 289. 99% of the company's clients are women living in rural areas. The institution's mission extends beyond providing financial assistance and includes educating its clients on financial literacy. Between 2020 and 2021, Fusion established approximately 1,320 initiatives, benefiting over 500,000 people. The MFI has also been awarded a SMART Campaign and "Gold" certificate for its client protection principles.
